# ROSSO<sup>®</sup> DESIGN

## **Pura forza: l'energia imprigionata in un gioiello**

I gioielli Rosso Design nascono per soddisfare le esigenze dell'uomo contemporaneo attento ai dettagli e ai contenuti tecnici ed estetici dei propri accessori.

L'abbinamento, studiato nel dettaglio, di materiali anallergici di prima qualità, vanta un design innovativo che esprime cultura, creatività, arte e innovazione.

Ogni creazione è pura sintesi di materia in movimento, sensualità, raffinatezza e forza; in una parola il meglio del design italiano.
